### QUAIL.

Geo. Walker and wife, of this place have moved to Stanford to make their future home, much to the regret of our people.—Jacob Elder and W. A. ### CURED OF RHEUMATISM.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says: "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by Chas. C. Davis.

A grass fire from a locomotive spark is given as the cause. The property loss will probably reach \$15,000,000.

Kodol for Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. DeWitt & Co., Chicago, gentlemen—In 1907 I had a disease of the stomach and bowels. I could not digest anything I ate and in the spring of 1902 I bought a bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. I still use it little occasionally as I find it a good blood purifier and a good tonic. May you live long and prosper. Yours very truly C. N. Cornell, Roding, Ga., Aug. 27, 1907. Sold by Chas. C. Davis.

W. H. Debord bought of W. T. Debord some hogs at 4½ cents. Kennedy's Laxative Cough Syrup—the cough that tastes nearly as good as maple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels, through which the cold is forced out of the system and at the same time allays the inflammation. Always use Kennedy's Laxative Cough Syrup sold by Chas. C. Davis.

On account of his health Woolford Adams, under sentence for 18 years in the pen for the murder of William Hayes, has been ordered taken to London awaiting the decision of his appeal for a new hearing.

Bring your old knives, forks and spoons to the Mt. Vernon Plating Work if you want them made to look almost new, at a very small cost.

Rev. Sipple of London, Methodist Evangelist, was here Tuesday. Rev. Sipple will organize a Methodist church at this place and preach here once a month in the future.

We would advise every patron of the public schools to read the new school law. It is worth the while of every citizen and especially those interested in the free schools to fully understand its provisions.

Lee Norton, who was given one year in the pen for shooting and wounding Mrs. Arnold was granted a new trial, because of an error in the instructions, by two words being left out by the stenographer in copying.

Our monument man, George Owens, is reaching for and wide. He has two large jobs to go to Tennessee and one to Virginia. George knows his business and is able to give the people just what they want.

Monday night was a glorious event in the history of the Mt. Vernon Royal Arch Chapter. A degree team was present from Lebanon to assist in the work. There were between fifty and seventy-five members from various parts of the county present. The Council, which was recently organized at this place, was recruited with eighteen additions on that night. There will be 18 from this county go to Lebanon to take the Commandery the last of this month.

Mr. J. D. Hamm, of the Glades section of the county, tells a most remarkable story of himself, something that very few men have ever been able to say. He is now 68 years old, and was never sick in his life, that is to the extent of preventing him from going about his usual business, has not taken a dose of medicine in forty years, never had the tooth ache or head ache, and to day has every tooth in his head as sound as they were fifty years ago. Mr. Hamm attributes his splendid health, largely to the fact that he never eats anything for supper except corn bread, milk and butter and has not for many years, and never eats anything between meals.

CIRCUIT COURT:—Circuit Court adjourned Monday. More business was disposed of than any other court held in many years. The Judge let the attorneys know at the very outset, that there would be no "dragging" and there was none. The suit of The Cranor-Smith Lumber Co. against T. S. Fritts for \$1500 resulted in a judgement for \$300 for Fritts, who presented a counter claim for \$200. The case will be appealed.

Grover Allen charged with bigamy was given three years in the pen. Allen from the facts presented, was innocent of having committed any violation, as it was his understanding that his suit for divorce had gone through and same been granted several weeks before he married the second time. The Judge and Commonwealth's Attorney have asked the Governor to grant a pardon which under the circumstances, should as we believe will be granted. O. P. Bost was given judgement against Fritz Krueger for \$125.

Mr. Henry Beaty, of Walnut Grove, Pulaski county was here Saturday looking out a location for his flour and grist mill. Albright & Beaty was the style of the firm until recently when Mr. Beaty purchased the one-half interest of his partner Mr. Albright. There is only one thing in the way, as we understand, preventing Mr. Beaty from ready decision to locate in Mt. Vernon and that is a suitable location and a little encouragement on the part of Mt. Vernon citizens as evidence of their welcome of such an enterprise. The lot belonging to Mr. D. H. Williams just back of W. M. Poynter's store because of water, is the only suitable location. This lot can be bought at a reasonable price and if the town will present the lot we have every assurance, that the enterprise will be a go, something Mt. Vernon has long since needed.

A later report says that most of the money has been subscribed to pay for mill seat and that work of erecting building will be commenced at once as Mr. Beaty expects to close down at Walnut Grove the 1st. day of May.

Mr. L. Collier the Crab Orchard Pole man was here first of the week on business.—Miss Cora Sigmund entertained quite a few of her friends last Friday evening with a leap year party.—John Robins and Rev. A. J. Pike attended the chapter meeting at Mt. Vernon last Monday night.—Miss Carrie Fritts has returned from a six weeks visit to friends and relatives in Stanford and Danville.—Mrs. M. E. ### HE GOT WHAT HE NEEDED.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under a guarantee at Chas. C. Davis' drug store—50c.

### A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a great sufferer from that dreadfull disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Elixir. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderful it has worked.—Mrs. Sarah A. Cole, 140 S. New St. Dover Delaware. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by Chas. C. Davis.

### SCHOOL IMPROVEMENT WORK HOW TO PLANT.

In planting trees, several things must be remembered. First, the holes should be dug deep, and larger than the roots which are to occupy them, and partly filled with the best soil obtainable. Second, in digging up the trees, many of the small roots and practically all the root hairs which absorb the moisture have been destroyed. In order to preserve the balance between root and top, the latter must be severely pruned. Otherwise the tree will probably die. Third, a transplanted tree needs an inordinate amount of water, and should be thoroughly soaked about the roots frequently for several weeks until new root hairs can be developed. Fourth, the ground about the roots, should be cultivated occasionally the first year to a depth of several inches. This prevents the soil from drying out too deeply, yet compels the roots to grow deeply to secure a proper amount of moisture. Mulching with grass or straw is also to be recommended.

The same principles should be applied to shrubs and vines also, and if these points are observed closely, failure can hardly occur.

Perennials need to be planted in large holes filled with good earth. Soil in which a considerable amount of vegetable mold or rotted manure has been incorporated gives best results. The roots should be set a couple inches below the surface, and well watered after planting. In winter a coat of well rotted manure should be placed over them to prevent excessive freezing and thawing. This tends also to enrich the soil.

Seeds require good soil, deeply spaded, and care must be taken not to sow them too deep. Fine seeds like Poppy, Petunia, etc. need merely to be sprinkled on the surface, with a little fine earth sprinkled over them. They should be sprinkled with water at intervals till they germinate. The larger seeds, as Sweet Peas, Four o'clocks, Sunflowers, etc. should be placed from one to three inches below the surface, and watered thoroughly.

By following the foregoing instructions even the novice at planting should be able to secure most gratifying results. The good which would result from the systematic planting of trees, shrubs, and flowers in all the grounds of our rural schools can scarcely be estimated, certainly not over estimated.

A COMMON MISTAKE. Many women mistake kidney and bladder troubles for some irregularities peculiar to the sex. Foley's Kidney Remedy corrects irregularities and makes women well. Miss Carrie Harden, Bowling Green, Ky. writes: "I suffered much pain from Kidney and bladder trouble until I started to use Foley's Kidney Remedy. The first bottle gave me great relief, and after taking the second bottle I was entirely well." Sold by Chas. C. Davis.

### ASKS US TO PRINT IT.

To relieve the worst form of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Karrow, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and tortuous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed and when you need it, you want it badly. Our druggist here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.
